Chapter 1

Using This Manual

Introduction	1-1
Manual Contents	1-1
Reading a Command Page	1-2
Reading a Syntax Diagram	1-3
Executing Commands	1-5
Command Termination	1-5
Command Formats	1-5
HP-IB Data Format	1-6
Module Addressing	1-6
Commands That Address a Slot	1-6
Commands That Address a Relay or Channel	1-7
Commands Requiring a Predefined Address	1-7
Designating a Multimeter or Source Module	1-8
Designating a Digital I/O Port	1-8
Designating a D/A Converter Channel	1-8
Verifying Destinations	1-8
Command Summary	1-9
Mainframe Commands	1-9
Plug-In Module Commands	1-13
